

McCuaig & Associates Engineering Ltd. is currently seeking a **Roofing Specialist** to join our Burnaby Office team. The ideal candidate will have at least five years of roofing review and project management experience and be a current RCABC Accepted Roof Inspector.

Key Responsibilities:

- Perform site reviews / field investigation/ RCABC assignments
- Preparation and review of drawings, specifications and other relevant technical and financial documents
- Develop budgets and cash flows
- Liaise with clients, contractors, suppliers, and other specialty consultants as necessary
- Full cycle project management

Skills and Qualifications:

- Minimum 5 years' relevant experience in the roofing industry
- Be a current Accepted Roof Inspector with RCABC (or have the ability to achieve this designation on relatively short notice)
- Registered Roof Observer through RCI; not required, but desirable.
- Strong technical writing skills and verbal communication skills including presentation skills
- Excellent attention to detail and strong work ethic
- Ability to prioritize and handle multiple tasks and adapt to shifting priorities
- Effective project management skills and experience
- Relevant roofing industry related experience
- Working knowledge of building codes, ASHRAE 90.1, NEBC, and relevant standards
- Valid Driver's License

This is a full-time salary position; salary will be commensurate with experience. Please send resume and cover letter by email to [hiring@mccuaig.net](mailto: hiring@mccuaig.net)

Thank-you for your interest in this position. Only short-listed candidates will be contacted.
